## EDUCATION

Master of Computer Science  
Virtual University of  
Pakistan  
2025-Continue

Bachelor of Computer Science  
Virtual University of  
Pakistan  
2019 - 2024

Intermediate (ICS) (Physics ,  
Mathematics and Computer science)  
Government Viqar-un-Nisa  
Post Graduate College for  
Women  
2016 - 2018

RAWALPINDI/ ISLAMBAD

## EXPERTISE

- MS Word
- MS Excel
- Problems Solve
- Web Design
- Responsive Design
- Canva

## LANGUAGE

English ,Urdu

## PROFILE

I am Bushra Yousaf, a passionate frontend developer with hands-on experience in all modern programming languages and frameworks. Now, I aim to take my skills to the next level by focusing on developing innovative solutions for students—tools that make learning more interactive, accessible, and impactful.

## WORKING EXPERIENCE

### Backend Developer Internship at Ezitech Jan-2025 -continue

- Implementing server-side logic using Node.js and Express.js to handle backend functionalities
- Integrating RESTful APIs for seamless communication between the frontend and backend
- Designing and managing databases using MongoDB, ensuring efficient data storage and retrieval
- Implementing authentication and authorization mechanisms for secure user management

### Frontend Developer Internship at Ezitech March 2024 - July 2024

- Designed and developed an add-to-cart feature using React.js, React Hooks (useState, useEffect, useContext), and custom hooks for logic reusability.
- Managed application state efficiently using Redux (Redux Toolkit) for global state (cart, user auth) and Context API for component-level state.
- Built responsive, performant UIs with React, Tailwind CSS, Bootstrap, and custom CSS (Flexbox/Grid).
- Created modular, reusable components following React best practices (props, composition, memoization).
- Integrated RESTful APIs using Axios for data fetching, error handling, and state synchronization.
- Used Git/GitHub for version control, code reviews, and Agile collaboration (feature branches, PRs).

### Frontend Developer Internship at Horizon Software Solution Nov 2022 - Jan 2023

- Developed simple web projects using HTML, CSS, and JavaScript, focusing on clean, semantic code and responsive design.
- Ensured cross-browser compatibility and followed frontend development best practices.
- Built and maintained basic PHP scripts for server-side functionality, form handling, and dynamic content.
- Strengthened foundational skills in frontend development while exploring backend integration with PHP.

### Teaching Experience 2019 - 2022

- Three year experience in teaching with (Computer Science) experience letter

## Workshop

### Christian Study Centre Nov-2024 to Dec-2024

- Building Conflict-Sensitive and Resilient Communities in the Multi-Religious Context of Pakistan

## Skills

- HTML • CSS • JavaScript • React.js • Redux • Tailwind CSS • Bootstrap • PHP
- Node.js • Express.js
